CONSENT DECREE

WHEREAS, the United States of America ("United States"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), the Department of the Interior ("DOI"), and the National Oceanic and Atmospheric Administration ("NOAA"), and the State of New York ("State"), have filed complaints against Niagara Transformer Corporation ("Settling Defendant"), pursuant to Section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended by the Superfund Amendments and Reauthorization Act of 1986, Pub. L. No. 99-499, 42 U.S.C. § 9607(a) ("CERCLA"), seeking recovery of costs incurred and to be incurred in responding to the release or threat of release of hazardous substances at or in connection with the Wide Beach Development Superfund Site

("Site"), and damages for injury, destruction, and/or loss of natural resources;

WHEREAS, pursuant to Section 105 of CERCLA, 42 U.S.C. § 9605, EPA placed the Site on the National Priorities List, set forth at 40 C.F.R. Part 300, Appendix B, by publication in the Federal Register on September 8, 1983, 48 Fed. Reg. 40658;

WHEREAS, investigations of the Site, including a remedial investigation performed by EPA pursuant to CERCLA in 1984 and 1985 disclosed the release and threatened release of polychlorinated biphenyls ("PCBs") at and from the Site;

WHEREAS, the PCBs released and threatened to be released at and from the Site are "hazardous substances" as defined in Section 101(14) of CERCLA, 42 U.S.C. § 101(14);

WHEREAS, pursuant to a Record of Decision issued on September 30, 1985 (the "Record of Decision"), EPA selected a remedy to address the PCB contamination at and from the Site and the State concurred in such remedy;

WHEREAS, the United States and the State have incurred and continue to incur response costs in responding to the release or threat of release of hazardous substances at or in connection with the Site;

WHEREAS, the United States and the State have reviewed materials provided by Settling Defendant to the United States and the State relating to the financial status of Settling Defendant and the United States and the State are entering into this

Consent Decree based upon their respective analyses of Settling Defendant's ability to pay;

WHEREAS, the United States, the State, and Settling Defendant agree that settlement of this case without further litigation and without the admission or adjudication of any issue of fact or law is the most appropriate means of resolving this action;

WHEREAS, the purpose of this Consent Decree is to provide for settlement between EPA, DOI, NOAA, the State, and Settling Defendant. The Parties recognize, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith, will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

If the United States or the State must bring an action to enforce any term of this Consent Decree, the Settling Defendant shall reimburse the United States and the State for all costs of such action, including but not limited to costs of attorney time.

11. Nothing in the Consent Decree is intended to abrogate any remedies or sanctions available to Plaintiffs by virtue of Settling Defendant's failure to comply with the terms of this Consent Decree, including but not limited to Section 122(1) of CERCLA, 42 U.S.C. § 9622(1).

VI. COVENANTS NOT TO SUE BY PLAINTIFFS; RESERVATIONS

12. Covenant not to sue by the United States. In consideration of the payments that will be made by the Settling Defendant under the terms of this Consent Decree, and except as specifically provided in Paragraphs 13 and 18 hereof, the United

States on behalf of EPA, DOI, and NOAA covenants not to sue or to take administrative action against Settling Defendant pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), for reimbursement of response costs and damages for injury, destruction, and/or loss of natural resources relating to the Site. These covenants not to sue by the United States shall take effect upon the receipt by the United States of the payments required by Section IV of this Consent Decree. These covenants not to sue are conditioned upon the complete and satisfactory performance by Settling Defendant of its obligations under this Consent Decree. These covenants not to sue extend only to the Settling Defendant and do not extend to any other parties or persons.

13. United States' Reservations.

a. Notwithstanding any other provision of this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, the right to institute proceedings in this action or in a new action, or to issue an administrative order seeking to compel Settling Defendant (1) to perform response actions relating to the Site, or (2) to reimburse the United States for additional costs of response if,

(a) conditions at the Site, previously unknown to EPA, are discovered, or

(b) information, previously unknown to EPA, is received, in whole or in part, and EPA determines based on these previously unknown conditions or this information together with other relevant information that

the Remedial Action is not protective of human health or the environment.

b. Notwithstanding any other provision of this Decree, the United States, on behalf of its natural resources trustees, reserves the right to institute proceedings against the Settling Defendant in this action or in a new action seeking recovery of natural resource damages, based on (1) conditions with respect to the Site, unknown to the United States at the date of lodging of this Decree, that result in releases of hazardous substances that contribute to injury to, destruction of, or loss of natural resources, or (2) information received after the date of lodging of the Consent Decree which, together with other relevant information, indicates that there is injury to, destruction of, or loss of natural resources, of a type that was unknown, or of a magnitude greater than was known to the United States at the date of lodging of this Consent Decree.

14. For purposes of Paragraph 13 a., the information and the conditions known to EPA shall include only that information and those conditions set forth in the Record of Decision, the administrative record supporting the Record of Decision, and post-ROD documents contained in the Site file established by EPA pursuant to the NCP following issuance of the Record of Decision through the date of this Consent Decree.

15. Covenant not to sue by the State. In consideration of the payments that will be made by the Settling Defendant under the terms of this Consent Decree, and except as

specifically provided in Paragraphs 16 and 18 hereof, the State covenants not to sue or to take administrative action against the Settling Defendant for claims relating to the Site pursuant to Section 107(a) of CERCLA, 42 U.S.C. § 9607(a), for reimbursement of State response costs, and for claims pursuant to state common law. These covenants not to sue by the State shall take effect upon the receipt by the State of the payments required by Section IV of this Consent Decree. These covenants not to sue by the State are conditioned upon the complete and satisfactory performance by Settling Defendant of its obligations under this Consent Decree. These covenants not to sue by the State extend only to the Settling Defendant and do not extend to any other persons.

16. State's Reservations. Notwithstanding any other provisions of this Consent Decree, the State reserves, and this Consent Decree is without prejudice to, any right jointly with, or separately from, the United States to institute proceedings in this action or in a new action seeking to compel the Settling Defendant (1) to perform response actions at the Site, or (2) to reimburse the State for additional costs of response, to the extent that EPA has determined that any response actions required or taken under (1) and (2) above in this Paragraph will not be inconsistent with the Remedial Action, if:

(a) conditions at the Site, previously unknown to the State, are discovered or become known, or

(b) information previously unknown to the State

is received by the State, in whole or in part, and the State determines, based on these previously unknown conditions or this information together with any other relevant information, that the Remedial Action is not protective of human health or the environment. The United States reserves all rights it may have under applicable law to oppose any determinations made or any actions taken, ordered or proposed by the State pursuant to this Paragraph. The State also reserves its claim for damages for injury to, destruction of, or loss of natural resources, including the reasonable costs of assessing such injury, destruction, or loss.

17. For purposes of Paragraph 16, the information and the conditions known to the State shall include only that information and those conditions set forth in the Record of Decision, the administrative record supporting the Record of Decision, the State's Site file, and post-ROD documents contained in the Site file established by EPA pursuant to the NCP following issuance of the Record of Decision through the date of this Consent Decree.

18. General Reservations of Rights.

a. The covenants not to sue set forth above do not pertain to any matters other than those expressly specified in Paragraphs 12 and 15 of this Consent Decree. The United States and the State reserve, and this Consent Decree is without prejudice to, all rights against Settling Defendant with respect

to all other matters, including but not limited to, the following:

(i) claims based on a failure by Settling Defendant to meet a requirement of this Consent Decree;

(ii) liability arising from the past, present, or future disposal, release, or threat of release of Hazardous Materials outside of the Site;

(iii) criminal liability; and,

(iv) liability arising from the future disposal, release, or threat of release of Hazardous Materials at the Site.

b. Nothing in this Consent Decree constitutes a covenant not to sue or to take action or otherwise limits the ability of the United States or the State to seek or obtain further relief from Settling Defendant, and the covenants not to sue in Section VI of this Consent Decree are null and void as to Settling Defendant, if (i) Settling Defendant has failed to provide to the United States and the State any information currently in its possession, or in the possession of its officers, directors, employees, contractors or agents, which would materially affect the representation of its financial standing set forth in the materials provided to the United States and the State; (ii) the information furnished to the United States and the State is false or misleading in any material respect or omits data represented to be contained therein; or (iii) Settling Defendant has breached a covenant contained in Paragraph 20 of this Consent Decree.

c. Nothing in this Consent Decree is intended as a release or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the United States or State may have against any person, firm, corporation, or other entity not a Party to this Consent Decree.

d. Notwithstanding any of the provisions of this Consent Decree, the United States and the State retain all authority and reserve all rights to take any and all response actions authorized by law.

VII. COVENANTS BY SETTLING DEFENDANT

19. In consideration of the United States' and the State's covenants not to sue set forth in Section VI of this Consent Decree, Settling Defendant agrees not to assert any claims or causes of action against the United States or the State, including any department, agency, or instrumentality of the United States or the State, with respect to the Site or this Consent Decree, including but not limited to: any direct or indirect claim for reimbursement from the Hazardous Substance Superfund (established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507) through CERCLA Sections 106(b)(2), 107, 111, 112, 113 or any other provision of law; any claim pursuant to CERCLA Sections 107 or 113 related to the Site; any claim under the United States Constitution, State Constitution, state statutory law, or common law relating to or arising from response actions at the Site; or to seek any other costs, damages, or attorneys

fees arising out of this litigation or any matters covered by this Consent Decree. Nothing in this Consent Decree shall be deemed to constitute preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

20. Settling Defendant covenants and certifies that to the best of its knowledge and belief it has fully and accurately disclosed to the United States and the State all information which is currently in Settling Defendant's possession and/or in the possession of its agents and which relates in any material way to its finances and/or ability to pay response costs in this matter, including but not limited to, the financial statement prepared for the Settling Defendant for the fiscal year ended December 31, 1994. In addition, the Settling Defendant covenants and certifies that the financial information provided to the United States and the State fairly and accurately represents, in all material respects, the financial position of Settling Defendant as of the date or dates of each item of financial information, and that there have been no material changes in the financial position of Settling Defendant since December 31, 1994. The United States and the State expressly condition their consent to this Consent Decree on the foregoing certifications in this Paragraph.

21. A breach of a covenant contained in Paragraph 20 of this Consent Decree constitutes a violation of this Consent Decree and, in the event of such a breach, in addition to any

other remedies available to them, the United States and/or the State may apply to the Court for an Order seeking such relief as may be warranted under the circumstances. Payment of any amount awarded by the Court shall be made in accordance with the procedures set forth in Section IV of this Consent Decree and shall be divided between the United States and the State in the same ratio as governs the payments made by Settling Defendant to the United States and the State pursuant to Section IV of this Consent Decree.

VIII. EFFECT OF SETTLEMENT; CONTRIBUTION PROTECTION

22. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. The preceding sentence shall not be construed to waive or nullify any rights that any person not a signatory to this Consent Decree may have under applicable law. Each of the Parties expressly reserves any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

23. The Parties agree, and by entering this Consent Decree this Court finds, that the Settling Defendant is entitled, as of the effective date of this Consent Decree, to protection from contribution actions or claims as provided by CERCLA Section 113(f)(2), 42 U.S.C. § 9613(f)(2) for matters addressed in this

Consent Decree. "Matters addressed" include Settling Defendant's liability for all costs incurred or to be incurred by the United States or the State in response to releases or threatened releases of hazardous substances at or from the Site, provided that such hazardous substances originally came to be located at the Site prior to lodging of this Consent Decree, except that "matters addressed" do not include liability for any claims reserved in Paragraphs 13, 16, and 18 of this Consent Decree.

24. The Settling Defendant agrees that with respect to any suit or claim for contribution brought by it for matters related to this Consent Decree it will notify the United States and the State in writing no later than 60 days prior to the initiation of such suit or claim. The Settling Defendant also agrees that with respect to any suit or claim for contribution brought against it for matters related to this Consent Decree it will notify in writing the United States and the State within 10 days of service of the complaint on it. In addition, Settling Defendant shall notify the United States and the State within 10 days of service or receipt of any Motion for Summary Judgment and within 10 days of receipt of any order from a court setting a case for trial.

25. In any subsequent administrative or judicial proceeding initiated by the United States or the State for injunctive relief, recovery of response costs, or other appropriate relief relating to the Site, Settling Defendant shall not assert, and may not maintain, any defense or claim based upon

the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States or the State in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the covenants not to sue set forth in Section VI of this Consent Decree.

IX. RETENTION OF RECORDS

26. Until five (5) years after the entry of this Consent Decree, Settling Defendant shall preserve and retain all records and documents now in its possession or control or which come into its possession or control that relate in any manner to the liability of any person for response actions conducted at the Site or response costs incurred or to be incurred at or relating to the Site, regardless of any corporate retention policy to the contrary.

27. At the conclusion of this document retention period, Settling Defendant shall notify the United States and the State at least ninety (90) days prior to the destruction of any such records or documents, and, upon request by the United States or the State, Settling Defendant shall deliver any such records or documents to EPA or the State. The Settling Defendant may assert that certain documents, records and other information are privileged under the attorney-client privilege or any other privilege recognized by federal law. If the Settling Defendant asserts such a privilege, it shall provide the Plaintiffs with

the following: (1) the title of the document, record, or information; (2) the date of the document, record, or information; (3) the name and title of the author of the document, record, or information; (4) the name and title of each addressee and recipient; (5) a description of the subject of the document, record, or information; and (6) the privilege asserted by Settling Defendant. However, no documents, reports or other information created or generated pursuant to the requirements of the Consent Decree shall be withheld on the grounds that they are privileged.

28. The Settling Defendant hereby certifies that, to the best of its knowledge and belief, after thorough inquiry, it has not knowingly altered, mutilated, discarded, destroyed or otherwise disposed of any records, documents or other information relating to its potential liability regarding the Site since the date of Settling Defendant's receipt of EPA's first Request for Information pursuant to Section 104(e) of CERCLA regarding the Site and that it has fully complied with any and all EPA requests for information pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e), and/or Section 3007 of RCRA, 42 U.S.C. § 6927.

individuals or their successors give notice of a change to the other Parties in writing. All notices and submissions shall be considered effective upon receipt, unless otherwise provided. Written notice as specified herein shall constitute complete satisfaction of any written notice requirement of this Consent Decree with respect to the United States, EPA, the State, and the Settling Defendant.
