MILLING COMPANY and SILVER BOWL,
INC.

Defendants.

Case No. 11-00029-BLW

**CONSENT DECREE BETWEEN THE UNITED STATES, THE COEUR D'ALENE
TRIBE AND DEFENDANTS LOOKOUT MOUNTAIN MINING AND MILLING
COMPANY AND SILVER BOWL, INC.**

I. BACKGROUND

A. The United States of America (“United States”), on behalf of the Administrator of the United States Environmental Protection Agency (“EPA”), filed a complaint in this matter pursuant to Section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (“CERCLA”), 42 U.S.C. § 9607(a), alleging that Settling Defendants are jointly and severally liable for costs incurred and to be incurred by EPA in responding to the release or threat of release of hazardous substances at or in connection with Operable Unit 3 (“Coeur d’Alene Basin Site”) of the Bunker Hill Mining and Metallurgical Complex Superfund Site (“Site”) in Northern Idaho.

B. As a result of the release or threatened release of hazardous substances, EPA has undertaken response actions at or in connection with the Coeur d’Alene Basin Site under Section 104 of CERCLA, 42 U.S.C. § 9604, and will undertake response actions in the future. In performing these response actions, EPA has incurred and will continue to incur response costs at or in connection with the Coeur d’Alene Basin Site. As of May 31, 2010, EPA has incurred more than \$230 million in connection with the Coeur d’Alene Basin Site.

C. The United States, acting by and through the United States Department of the Interior (“DOI”) and United States Department of Agriculture (“USDA”), and the Coeur d’Alene Tribe (“Tribe”) are co-trustees of injured natural resources at the Coeur d’Alene Basin Site, including but not limited to certain migratory natural resources such as fish, wildlife, birds, biota, and water. The Tribe joined the United States’ Complaint alleging that Settling Defendant is liable for natural resource damages pursuant to Section 107(a) of CERCLA in connection with the Coeur d’Alene Basin Site.

D. Defendant Lookout Mountain Mining and Milling Company, incorporated in Idaho in 1916, and Defendant, Silver Bowl, Inc., incorporated in Idaho in 1930, each owned or operated and continue to own or operate mining or milling related properties within the Site.

E. The United States has reviewed the Financial Information submitted by Settling Defendants to determine whether they have an inability or a limited ability to pay natural resource damages and response costs incurred and to be incurred at the Coeur d'Alene Basin Site, taking into consideration the ability of Settling Defendants to pay response costs and natural resource damages and still maintain their basic business operations, including their overall financial condition and demonstrable constraints on their ability to raise revenues. Based upon this Financial Information, the United States has determined, and the Tribe concurs, that Settling Defendants have an inability to pay.

F. Settling Defendants do not admit any liability to the United States or the Tribe arising out of the transactions or occurrences alleged in the complaints.

G. The Parties agree, and this Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith, that settlement of this matter will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Decree, it is ORDERED, ADJUDGED, AND DECREED:

V. STATEMENT OF PURPOSE

4. By entering into this Consent Decree, the mutual objectives of the Parties are for the Settling Defendants to provide valuable consideration to resolve their liability for Response Costs and Natural Resource Damages as provided in the Covenant Not to Sue by the United States and the Tribe in Section X, and subject to the Reservations of Rights by the United States and the Tribe in Section XI.

5. Settling Defendants’ Liability. EPA has incurred past response costs of more than \$230 million and expects to incur future response costs of more than \$2.05 billion, and the Natural Resource Trustees have assessed over \$800 million in potential natural resource damages, in connection with the Coeur d’Alene Basin Site. It is the position of the United States

and the Tribe that Settling Defendants are jointly and severally liable for the full amounts stated above. The cash payments made under Section VI shall be credited toward these amounts. This Consent Decree provides Settling Defendants with a Covenant Not to Sue by the United States and the Tribe (Section X), subject to the Reservation of Rights by United States and the Tribe (Section XI). However, the Coeur d'Alene Basin Insurance Recovery Trust will seek to satisfy Settling Defendants' remaining liability to the United States and the Tribe for the amounts stated above from the Insurance Policies.

VI. PAYMENTS BASED ON FUTURE PRODUCTION

6. Payments Based on Future Production. Commencing on the Effective Date of the Consent Decree, and continuing until fifty (50) years after the Effective Date of the Consent Decree, each Settling Defendant shall pay to the United States and the Tribe, on or before the thirtieth (30th) day ("due date") after the conclusion of each annual period (with the first annual period commencing on the Effective Date of this Consent Decree), an amount equal to the sum of two (2) percent of the value of the Net Smelter Returns for the annual period for Settling Defendant's Property ("NSR Payment"). This obligation is intended to apply to any gold, silver, lead, zinc, copper, or other metal or metal concentrate produced by each Settling Defendant or for each Settling Defendant's account, including but not limited to, subsidiaries and joint ventures of each Settling Defendant. In the event a Settling Defendant fails to make a payment by the due date, the Settling Defendant shall pay Interest from the due date until full payment has been made. This provision shall not expressly or impliedly obligate Settling Defendants to operate to produce a NSR.

a. Definitions.

i. “Net Smelter Returns” shall mean the amount paid to each Settling Defendant by a smelter, refiner, or other purchaser for minerals mined by the Settling Defendant or for the Settling Defendant’s account after deductions of the following costs paid by or charged to the Settling Defendant: a.) all smelting, refining, treatment, selling and other costs, charges, and penalties charged by the smelter or other purchaser for such minerals; b.) all costs for loading, transporting, and insuring such minerals or mineral bearing concentrates from the mining operation to the smelter or other purchaser; and c.) all taxes paid by the Settling Defendant on such minerals or concentrates, except income taxes, including, but not limited to production, severance, sales, and privilege taxes.

ii. “concentrates” means materials containing commercial quantities of metals or other minerals which are produced from ore by milling or other processing of the ore.

iii. “mill” means the whole mineral treatment plant, in which crushing, grinding, screening, flotation, drying, and other physical and chemical processing techniques are used to separate valuable minerals from waste. In metal ore processing, milling usually results in one or more concentrates that are stockpiled and then sent to smelters or refineries for further processing.

iv. “ore” means material extracted from the Settling Defendant’s Property which contains commercial quantities of other mineral constituents and which has not been subjected to any milling or other processing except crushing and screening.

v. “ounces” means troy ounces of 31.1035 grams.

vi. “tailings” means material that has been mined, processed, and disposed of on the Settling Defendant’s Property.

vii. “tons” means short tons of 2000 pounds avoirdupois.

viii. “waste dumps” means material that has been previously mined and placed in piles on the Settling Defendant’s Property without further processing.

b. Sampling and Testing. Each Settling Defendant shall have the right to mine amounts of minerals and mineral-bearing material reasonably necessary for sampling, assaying, metallurgical testing, and evaluating the minerals potential of the Property, not to exceed twenty-five (25) tons-per-year of raw in-place material, without initiating the obligation to make payments pursuant to this Paragraph.

c. Documentation. For each annual period in which a Settling Defendant receives Net Smelter Returns, the Settling Defendant shall submit to the United States and the Tribe a calculation sheet detailing the calculation of the payment amount. This calculation sheet will include the relevant metal prices, production quantities, NSR costs (as identified in subparagraph a.(i.) above), and a specific description of how the Settling Defendant arrived at the payment amount. At that time, the Settling Defendant shall provide the source materials and references supporting the computations.

d. Records. Each Settling Defendant shall maintain true and correct records of all minerals and mineral-bearing substances mined and sold from any relevant mining operation and each Settling Defendant shall allow the United States or the Tribe to inspect the books and records of the Settling Defendant which are pertinent to the determination of the payments due. Such inspection shall be conducted at any reasonable time during normal business hours, provided such inspection is conducted by the United States or the Tribe, or their representatives,

and provided such inspection does not interfere unreasonably with the Settling Defendant's operations or procedures.

e. Tailings and waste rock. Any metal or non-metallic product produced through the re-working of old tailings, waste rock, re-processing, or by any other means shall be included in the produced ounces, pounds, tons, or cubic yards, for purposes of the NSR payment calculation.

f. Method of Payment. Payments shall be divided 75% to EPA and 25% to the Natural Resource Trustees. Payments to EPA and the Natural Resource Trustees shall be made in accordance with Paragraph 7 below.

g. Property Sales or Leases. If a Settling Defendant sells, leases, or otherwise conveys full or partial title or interest in the designated Property to a third party, the transaction shall be encumbered by a recorded NSR Payment obligation so that any new owner shall be responsible for all payments, record keeping, and all other obligations incurred by the Settling Defendant under this Consent Decree. The Parties agree that this encumbrance is intended to (a) provide notice to third parties of the Settling Defendant's obligations under this Paragraph; and (b) create a secured interest in the income from the sale of metals from the Property. The Parties also agree that the intent of the encumbrance is not to create any possessory or ownership interest in the mining operations.

7. Payments in accordance with this Section may be made by certified or cashier's check made payable to "U.S. Department of Justice," referencing the name and address of the party making payment, the Coeur d'Alene Basin Site, DOJ Case Number 90-11-3-128/11, and the civil action number; provided however, any payments of \$10,000 or more shall be made by FedWire

Settling Defendant shall send checks to: Financial Litigation Unit, U.S. Attorney’s Office District of Idaho, WGI Plaza IV, 800 Park Blvd., Suite 600, Boise, Idaho 83712. the Effective Date of this Consent Decree, and immediately notify Trustee of the discovery of any evidence of additional Insurance Policies (even if such discovery occurs more than 30 days after the effective date of this Agreement);

b. take such actions and execute and deliver such documents and instruments as may be necessary or appropriate to transfer, convey, release, compromise, and/or assign the Settling Defendant's interest pursuant to any or all of the Insurance Policies;

d. identify any documents or sources of documents that, to the Settling Defendant's knowledge, may relate to operations, activities, or corporate histories of entities that conducted operations at the Site ("Site Records");

e. provide Trustee and the Trust's representatives with full access to Site Records; and

10. Interest on Late Payments. If a Settling Defendant fails to make any payment under Section VI (Payments) by the required due date, Interest shall continue to accrue on the unpaid balance through the date of payment.

11. Stipulated Penalties. If a Settling Defendant does not pay any amounts due under Section VI by the required date, or does not comply with the requirements of Paragraphs 6, 8, or 9 of this Consent Decree or the terms of the Trust Contribution Agreement, attached hereto as Appendix B, the Settling Defendant shall be in violation of this Consent Decree and shall pay to the United States and the Tribe, as a stipulated penalty, in addition to the Interest required by Paragraph 10, \$250 per violation per day that such payment is late. Settling Defendant shall pay 75% of the stipulated penalty to EPA and 25% to the Tribe.

All payments to EPA under this Section shall be identified as “stipulated penalties” and shall be made by certified or cashier’s check made payable to “EPA Hazardous Substance Superfund.” The check, or a letter accompanying the check, shall reference the name and address of the party(ies) making payment, the Coeur D’Alene Basin Site, EPA Region 10 and Site Spill ID Number 2Q, DOJ Case Number 90-11-3-128/11, and the civil action number. Such notice shall include the information required by Paragraph 7 and shall identify payments as “stipulated penalties.”

14. Penalties shall accrue as provided in this Paragraph regardless of whether the United States or the Tribe has notified the Settling Defendant of the violation or made a demand for payment, but need only be paid upon demand. All penalties shall begin to accrue on the day after payment or performance is due or the day a violation occurs, and shall continue to accrue through the date of payment or the final day of correction of the noncompliance or completion of the activity. Nothing herein shall prevent the simultaneous accrual of separate penalties for separate violations of this Consent Decree.

15. If the United States or the Tribe brings an action to enforce this Consent Decree, the Settling Defendant shall reimburse the United States and the Tribe for all costs of such action, including but not limited to costs of attorney time.

16. Payments made under this Section shall be in addition to any other remedies or sanctions available to the United States or the Tribe by virtue of a Settling Defendant’s failure to comply with the requirements of this Consent Decree.

17. Notwithstanding any other provision of this Section, the United States and the Tribe each may, in its unreviewable discretion, waive payment of any portion of its share of the stipulated penalties that have accrued pursuant to this Consent Decree. Payment of stipulated penalties shall not excuse Settling Defendants from payments as required by Section VI or from performance of any other requirements of this Consent Decree.

18. Stipulated penalties shall continue to accrue as provided in Paragraph 14, during any Dispute Resolution, but need not be paid until the following:

a. If the dispute is resolved by agreement of the Parties or by a decision of the United States, in consultation with the Tribe, that is not appealed to the Court, the Settling Defendant shall pay accrued penalties determined to be owing, together with interest, to the United States and the Tribe within 30 Days of the effective date of the agreement or the receipt of the United States' decision or order.

XI. RESERVATIONS OF RIGHTS BY UNITED STATES AND THE COEUR D'ALENE TRIBE

25. 26. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Except as provided in Paragraph 25 (Waiver of Claims), the Parties expressly reserve any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action that they may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto. Nothing in this Consent Decree diminishes the right of the United States or the Tribe, pursuant to Section 113(f)(2) and (3) of CERCLA, 42 U.S.C. §

9613(f)(2)-(3), to pursue any such persons to obtain additional response costs or response action and to enter into settlements that give rise to contribution protection pursuant to Section 113(f)(2).

27. The Parties agree, and by entering this Consent Decree this Court finds, that this settlement constitutes a judicially-approved settlement for purposes of Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), and that each Settling Defendant is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), or as otherwise provided by law, for “matters addressed” in this Consent Decree. The “matters addressed” in this Consent Decree are natural resource damages and all response actions taken or to be taken and all response costs incurred or to be incurred, at or in connection with the Site, by the United States, the Tribe or any other person except for the State; provided, however, that if the United States or the Tribe exercises rights under the reservations in Section XI (Reservation of Rights by the United States and the Coeur d’Alene Tribe), other than in Paragraphs 21.a. (claims for failure to meet a requirement of the settlement) and 21.d. (criminal liability), the “matters addressed” in this Consent Decree will no longer include those response costs or response actions or natural resource damages that are within the scope of the exercised reservation.

28. In any subsequent administrative or judicial proceeding initiated by the United States or the Tribe for injunctive relief, recovery of response costs, or other relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, *res judicata*, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States or the Tribe in the

subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the Covenant Not to Sue by the United States and the Tribe set forth in Section X.

XIV. ACCESS AND INSTITUTIONAL CONTROLS

29. If any real property located within the Site is owned or controlled by a Settling Defendant, the Settling Defendant shall:

a. commencing on the date of lodging of this Consent Decree, provide the United States and its representatives, including contractors and subcontractors, and the Tribe and its representatives, including contractors and subcontractors, with access at all reasonable times to the real property within the Site to conduct any response activity related to the Site, including, but not limited to the following activities:

1. Monitoring, investigation, removal, remedial or other activities at the Site;
2. Verifying any data or information submitted to the United States or the Tribe;
3. Conducting investigations relating to contamination at or near the Site;
4. Obtaining samples;
5. Assessing the need for, planning, or implementing additional response actions at or near the Site;
6. Assessing the Settling Defendant's compliance with this Consent Decree;

7. Determining whether real property within the Site or other real property is being used in a manner that is prohibited or restricted, or that may need to be prohibited or restricted, under this Consent Decree; and

8. Implementing, monitoring, maintaining, reporting on and enforcing any Institutional Controls.

b. commencing on the date of lodging of this Consent Decree, Settling Defendants shall not use the real property within the Site, or such other real property, in any manner that EPA, in consultation with the Tribe, determines will pose an unacceptable risk to human health or to the environment due to exposure to Waste Materials or interfere with or adversely affect the implementation, integrity or protectiveness of the remedial measures to be performed at the Site.

30. Basin ICP. With respect to any real property located within the Site that is owned by a Settling Defendant, the Settling Defendant shall comply with the Basin ICP.

31. With respect to any real property located within the Site that is owned by a Settling Defendant, the Settling Defendant shall:

(1) execute and record in the appropriate land records office Proprietary Controls that: (i) grant a right of access to conduct any activity regarding the Consent Decree including, but not limited to, those activities listed in Paragraph 29.a and (ii) grant the right to enforce land/water use restrictions set forth in Paragraph 29.b, as further specified in Paragraph 29.(2)-(4). The Proprietary Controls shall be granted to one or more of the following persons, as determined by EPA, in consultation with the Tribe: (i) the United States, on behalf of EPA, and its representatives, (ii) the State of Idaho and its representatives, and/or (iii) other appropriate

grantees. The Proprietary Controls, other than those granted to the United States, shall include a designation that EPA (and/or the State as appropriate) is a “third-party beneficiary,” allowing EPA to maintain the right to enforce the Proprietary Controls without acquiring an interest in real property.

(2) upon request by EPA, in consultation with the Tribe, submit to EPA for review and approval regarding such real property: (i) a draft Proprietary Control that is enforceable under state law; and (ii) a current title insurance commitment or other evidence of title acceptable to EPA, which shows title to the land affected by the Proprietary Control to be free and clear of all prior liens and encumbrances (except when EPA waives the release or subordination of such prior liens and encumbrances or when, despite best efforts, Settling Defendant is unable to obtain release or subordination of such prior liens and encumbrances). If, within 30 days of EPA’s request for Proprietary Controls, Settling Defendants have not obtained agreements from the holders of prior liens or encumbrances to release or subordinate such liens or encumbrances to the Proprietary Controls, Settling Defendants shall promptly notify the United States in writing, and shall include in that notification a summary of the steps that Settling Defendants have taken to attempt to comply with Paragraph 31. The United States may, as it deems appropriate, assist Settling Defendants in obtaining the release or subordination of a prior lien or encumbrance.

(3) within 15 days of EPA’s approval and acceptance of the Proprietary Control and the title evidence, update the title search and, if it is determined that nothing has occurred since the effective date of the commitment, or other title evidence, to affect the title adversely, record the Proprietary Control with the appropriate land records office. Within 30 days of

recording the Proprietary Control, such Settling Defendants shall provide EPA with a final title insurance policy, or other final evidence of title acceptable to EPA, and a certified copy of the original recorded Proprietary Control showing the clerk's recording stamps. If the Proprietary Control is to be conveyed to the United States, the Proprietary Control and title evidence (including final title evidence) shall be prepared in accordance with the U.S. Department of Justice Title Standards 2001, and approval of the sufficiency of title shall be obtained as required by 40 U.S.C. § 3111.

32. If EPA determines Institutional Controls in the form of state or local laws, regulations, ordinances, zoning restrictions or other governmental controls are needed, Settling Defendants shall cooperate with EPA's efforts to secure and ensure compliance with such governmental controls.

33. Notwithstanding any provision of this Consent Decree, the United States and the Tribe retain all of their access authorities and rights, as well as all of their rights to require Institutional Controls, including enforcement authorities related thereto under CERCLA, RCRA and any other applicable statute or regulations.

XV. NOTICE TO SUCCESSORS-IN-TITLE AND TRANSFERS OF REAL PROPERTY

34. For any real property owned or controlled by a Settling Defendant that is located within the Site, within 15 days of the Effective Date of this Consent Decree, the Settling Defendant shall submit to EPA and the Tribe for review and approval a proposed notice to be filed with the land records office that provides a description of the real property and provides notice to all successors-in-title that the real property is part of the Site and that EPA selected an interim remedy for the Coeur d'Alene Basin Site on September 12, 2002. The notice shall also

describe the land use restrictions, if any, set forth in Paragraph 29.b. Such notice(s) shall identify the United States District Court in which the Consent Decree was filed, the name and civil action number of this case, and the date the Consent Decree was entered by the Court. The Settling Defendant shall record the notice(s) within 10 days of EPA's and the Tribe's approval of the notice(s). The Settling Defendant shall provide EPA and the Tribe with a certified copy of the recorded notice(s) within 10 days of recording such notice(s).

35. Settling Defendant shall at least 60 days prior to the Transfer of any real property located within the Site, give written notice: (i) to the transferee regarding the Consent Decree and any Institutional Controls regarding the real property; and (ii) to EPA and the Tribe regarding the proposed Transfer, including the name and address of the transferee, and the date on which the transferee was notified of the Consent Decree and Institutional Controls.

36. A Settling Defendant may Transfer any real property located within the Site only if: (1) any Proprietary Controls required by Paragraph 31 have been recorded with respect to the real property; or (2) Settling Defendant has obtained an agreement from the transferee, enforceable by Settling Defendant, the United States and the Tribe, to (i) allow access and restrict land/water use, pursuant to Paragraphs 29.a and 29.b, (ii) record any Proprietary Controls on the real property, pursuant to Paragraph 31, and (iii) subordinate its rights to any such Proprietary Controls, pursuant to Paragraph 31, and EPA and the Tribe have approved in writing the agreement. If, after a Transfer of the real property, the transferee fails to comply with the agreement provided for in this Paragraph, the Settling Defendant shall take all reasonable steps to obtain the transferee's compliance with such agreement. The United States may seek the transferee's compliance with the agreement and/or assist the Settling Defendant in obtaining

compliance with the agreement. Settling Defendant shall reimburse the United States and the Tribe, for all costs incurred, direct or indirect, by the United States regarding obtaining compliance with such agreement, including, but not limited to, the cost of attorney time.

37. In the event of any Transfer of real property located within the Site, unless the United States and the Tribe otherwise consent in writing, the Settling Defendants shall continue to comply with their obligations under the Consent Decree, including, but not limited to, their obligation to provide and/or secure access, to implement, maintain, monitor, and report on Institutional Controls and to abide by such Institutional Controls.

XVI. DUE CARE AND COOPERATION

38. Nothing in this Consent Decree shall be construed to relieve Settling Defendants of their duty to exercise due care with respect to hazardous substances at the Site or their duty to comply with all applicable laws and regulations.

39. Settling Defendants agree to cooperate fully with EPA and the Tribe in the implementation of response actions at the Site and further agree not to interfere with such response actions. EPA and the Tribe agree, consistent with their responsibilities under applicable law, to use reasonable efforts to minimize interference with Settling Defendants' operations by such entry and response. In the event that Settling Defendants become aware of any action or occurrence that causes or threatens a release of hazardous substances, pollutants or contaminants at or from the Site that constitutes an emergency situation or may present an immediate threat to public health or welfare or the environment, Settling Defendants shall immediately take all appropriate action to prevent, abate, or minimize such release or threat of release, and shall, in addition to complying with any applicable notification requirements under

Section 103 of CERCLA, 42 U.S.C. § 9603, or any other law, immediately notify EPA and the Tribe of such release or threatened release.

XVII. RETENTION OF RECORDS

40. Until 10 years after the entry of this Consent Decree, Settling Defendants shall preserve and retain all records, reports, or information (hereinafter referred to as “records”) now in their possession or control, or which come into its possession or control, that relate in any manner to response actions taken at the Site or the liability of any person under CERCLA with respect to the Site, regardless of any corporate retention policy to the contrary.

41. After the conclusion of the 10-year document retention period in the preceding paragraph, Settling Defendants shall notify the United States and the Tribe at least 90 days prior to the destruction of any such records, and, upon request by the United States or the Tribe, Settling Defendants shall deliver any such records to the United States or the Tribe. Settling Defendants may assert that certain records are privileged under the attorney-client privilege or any other privilege recognized by federal law. If Settling Defendants assert such a privilege, they shall provide the United States or the Tribe with the following: 1) the title of the record; 2) the date of the record; 3) the name, title, affiliation (*e.g.*, company or firm), and address of the author of the record; 4) the name and title of each addressee and recipient; 5) a description of the subject of the record; and 6) the privilege asserted. If a claim of privilege applies only to a portion of a record, the record shall be provided to the United States or the Tribe in redacted form to mask the privileged information only. Settling Defendants shall retain all records that they claim to be privileged until the United States or the Tribe has had a reasonable opportunity to dispute the privilege claim and any such dispute has been resolved in the Settling Defendant’s

favor. However, no records created or generated pursuant to the requirements of this or any other settlement with the United States or the Tribe pertaining to the Site shall be withheld on the grounds that they are privileged.

XVIII. DISPUTE RESOLUTION

42. Unless otherwise expressly provided for in this Consent Decree, the dispute resolution procedures of this Section shall be the exclusive mechanism to resolve disputes arising under or with respect to this Consent Decree. A Settling Defendant's failure to seek resolution of a dispute under this Section shall preclude the Settling Defendant from raising any such issue as a defense to an action by the United States or the Tribe to enforce any obligation of the Settling Defendant arising under this Decree.

43. Informal Dispute Resolution. Any dispute subject to Dispute Resolution under this Consent Decree shall first be the subject of informal negotiations. The dispute shall be considered to have arisen when one Party sends the other Parties a written Notice of Dispute. Such Notice of Dispute shall state clearly the matter in dispute. The period of informal negotiations shall not exceed 20 Days from the date the dispute arises, unless that period is modified by written agreement. If the Parties cannot resolve a dispute by informal negotiations, then the position advanced by the United States, in consultation with the Tribe, shall be considered binding unless, within 10 Days after the conclusion of the informal negotiation period, the Settling Defendant invokes formal dispute resolution procedures as set forth below.

44. Formal Dispute Resolution. The Settling Defendant shall invoke formal dispute resolution procedures, within the time period provided in the preceding Paragraph, by serving on the United States and the Tribe a written Statement of Position regarding the matter in dispute.

The Statement of Position shall include, but need not be limited to, any factual data, analysis, or opinion supporting the Settling Defendant's position and any supporting documentation relied upon by the Settling Defendant.

45. The United States and the Tribe shall serve a joint or separate Statement(s) of Position within 45 Days of receipt of the Settling Defendant's Statement of Position. The United States' and the Tribe's Statement of Position(s) shall include, but need not be limited to, any factual data, analysis, or opinion supporting that position and any supporting documentation relied upon by the United States and/or the Tribe. The United States' Statement of Position shall be binding on the Settling Defendant, unless the Settling Defendant files a motion for judicial review of the dispute in accordance with the following Paragraph.

46. The Settling Defendant may seek judicial review of the dispute by filing with the Court and serving on the United States and the Tribe, in accordance with Section XIX of this Consent Decree (Notices), a motion requesting judicial resolution of the dispute. The motion must be filed within 10 Days of receipt of the United States' and the Tribe's Statement(s) of Position pursuant to the preceding Paragraph. The motion shall contain a written statement of the Settling Defendant's position on the matter in dispute, including any supporting factual data, analysis, opinion, or documentation, and shall set forth the relief requested and any schedule within which the dispute must be resolved for orderly implementation of the Consent Decree.

47. The United States and the Tribe shall respond to the Settling Defendant's motion within the time period allowed by the Local Rules of this Court. The Settling Defendant may file a reply memorandum, to the extent permitted by the Local Rules.

48. Except as otherwise provided in this Consent Decree, in any dispute brought under Paragraph 46, the Settling Defendant shall bear the burden of demonstrating that its position complies with this Consent Decree and better furthers the objectives of the Consent Decree.

49. The invocation of dispute resolution procedures under this Section shall not, by itself, extend, postpone, or affect in any way any obligation of Settling Defendant under this Consent Decree, unless and until final resolution of the dispute so provides. Stipulated penalties with respect to the disputed matter shall continue to accrue from the first Day of noncompliance, but payment shall be stayed pending resolution of the dispute as provided in Paragraph 18. If the Settling Defendant does not prevail on the disputed issue, stipulated penalties shall be assessed and paid as provided in Section VIII (Stipulated Penalties).

XIX. NOTICES AND SUBMISSIONS

50. Whenever, under the terms of this Consent Decree, notice is required to be given or a document is required to be sent by one Party to another, it shall be directed to the individuals at the addresses specified below, unless those individuals or their successors give notice of a change to the other Parties in writing. Written notice as specified herein shall constitute complete satisfaction of any written notice requirement of the Consent Decree with respect to the United States, the Tribe and Settling Defendants, respectively.

XXI. INTEGRATION/APPENDICES

52. This Consent Decree and its appendices constitute the final, complete and exclusive agreement and understanding among the Parties with respect to the settlement embodied in this
